

Castle Dreamer Paper Piecing Pattern

Castle Foundation Paper Piecing Quilt Pattern

This pattern was designed to be user friendly and is divided into blocks identified by letters and numbers. Each block is sized (7.5"x7.5) to easily print on standard size printing paper. When complete, this quilt measures 60"x 80" but can be resized as desired.

This is a intermediate level pattern. A basic understanding of foundation paper piecing prior to starting this design is required. If you have never tried Foundation Paper Piecing I recommend taking [this class](#).

Understanding the Blocks

Within each block, pieces are labeled in the order in which they are sewn (A, B, C etc.) and with the fabric color (using codes described on page 3).

The Key

Cutting Line - Cut along this line for the edge of the seam allowance and when blocks are divided into sections. -----

Seam line - sew along this line _____

Block Label - Letters and numbers with a rectangle indicate the block label (where the block exists within the quilt).

Section Label - Letters and numbers in the rounded rectangle indicate the section (when a block needs to be split into multiple sections)

Seam Allowance - The seam allowance is shown only around the block. Notice that the seam allowance extends to the edge of the paper so some of the gray will not print. Please use a ruler to measure 1/4".

For more information on how to use the blocks click [here](#).

The Fabric

This quilt is designed to have a very bright and lively color pallet. This pattern includes the fabric numbers from the Art Gallery Pure Solids line if you would like to use the same fabric as the example. However, you have the option of choosing other colors. To help you with that, I have categorized the colors based on their value (lightness or darkness) and tone (warmth or coolness). I have included a gray-scale that can be printed out and used for the process of choosing fabrics.

On the next page, the numbers and letters in each swatch is how the colors will be labeled on the pattern. The numbers below the swatches are the numbers for the Art Gallery Fabric colors.

Color Swatches

Examples of labels that will be used on blocks:

A/Y9 -A means sew this piece first. Y means that the fabric should have a yellow tone and 9 means that the fabric should be a light.

B/MBV4.5 -B means sew this piece second. M means “muted” this means that the tone should not be bright. BV means there should be a blue-violet undertone to the fabric. 4.5 means that the fabric is dark.

On the next page you will see the color swatches organized by tone and value. This should help you choose your own colors.

The Grayscale

To use the grayscale above, print out this page and lay your fabric by the gray-scale. Take a picture and add a black and white filter to the picture. Whichever rectangle the fabric blends in with the most is the value number of your fabric.
